

March 1, 2020

To whom it may concern:

Wayne Racquet Club, located at 170 Colfax Rd in Wayne, was established in 1973 as a private recreational facility, serving tennis players from towns in Passaic, Bergen and Essex counties. Our club is a **non-profit** organization, whose budgetary requirements have traditionally been met through the annual dues and guest fees paid by participating members.

Attentive to the needs of the community and surrounding areas, WRC opens the courts to special needs young men and women for Saturday afternoon tennis. In addition, we have sponsored racquet and equipment donations to inner city school tennis programs, have run fund raisers for ovarian cancer and have collected food for the local Food Pantry. These efforts, and more, have been recognized in several of the local newspapers.

It is our desire to maintain the integrity of our club for our members and to continue our community efforts without a burdensome increase in annual dues. However, we are currently experiencing higher operating costs (water, electricity, court and grounds maintenance, etc.). In order to offset these increased expenses, we have been able to raise money by selling advertising at our club.

This program will consist of twenty feet (20') by six feet (6') sections of wind screen. These panels - which we will order and install - will be custom printed with the names and logos of local business sponsors. All ads are white on a dark green background and are exactly 3' high by up to 9' wide (depending on the individual artwork). Photos of existing ads are included herewith.

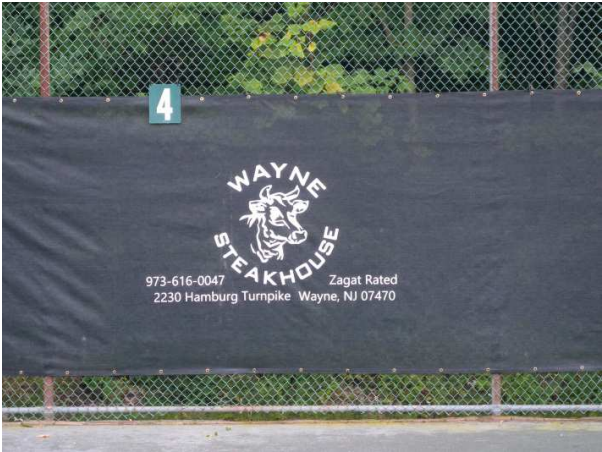

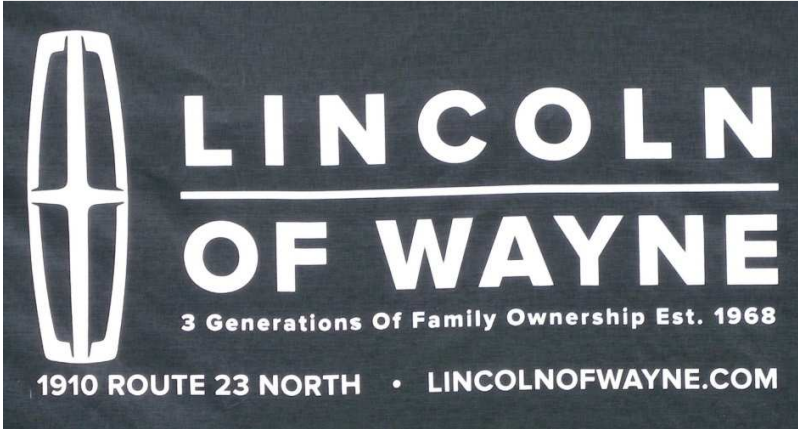

The cost of this program will be \$1,000 per ad, and the panel will remain for five (5) years. We would very much like to include your name as a sponsor for this program. If you have any questions, please don't hesitate to give me a call (973-616-1000) or send an email to [info@waynetennis.com](mailto:info@waynetennis.com). Thank you very much for your consideration.

Sincerely,

Debbie Blood, president  
Wayne Racquet Club
