2. Please email Rob Baron (robsue61@optonline.net) with the nights you are available to play during the week of May 10<sup>th</sup> by 5 pm on Thursday, May 6<sup>th</sup>. The more nights you are available to play, the more opportunity you will have to play different people, and the more chance you will have to play 3 nights during some weeks if you want to do that.

- Rob will create a schedule for the week of May 10<sup>th</sup>
- Starting the weeks of May 17<sup>th</sup> and May 24<sup>th</sup>, the schedule will be made bi-weekly

3. Players will be responsible to get their own SUB from the list of players that are scheduled "off".

4. Matches are best of three 6-game sets. Seven-point tiebreak is played at 6-6. If both players agree, a 10-point tiebreak can be played instead of a third set.

5. Each player gets one point for each set won. A player winning the first two sets gets a bonus point (i.e., 3 points for winning the match in straight sets). Players will be responsible for reporting their own points on a Google Sheet. Players with the most points get bragging rights.
